#	Step / Hook Details	Status	Duration
	 A screenshot of a mobile application interface. At the top, the status bar shows the time 9:45, signal strength, and battery level. The app's title bar reads 'Pulse v2.5.8'. Below the title bar, there are two input fields: 'Website Email ID' and 'Password'. A large white dialog box is centered on the screen, asking 'Allow Pulse to take pictures and record video?'. It has three buttons: 'While using the app' (highlighted in blue), 'Only this time', and 'Don't allow'. At the bottom of the screen, there is a small text link 'Get help and feedback'.
